

Tractor Overtakes, Dr. Anderson Killed

Dr. Stanley Anderson of Channel Lake was killed Monday morning at 10 o'clock, Dec. 3, when the tractor with which he was repairing dikes on his farm tipped over on him.

Dr. Anderson was working alone when the accident happened and was found by his wife, Dorothy, when he did not return to the house at the time he said he would. The Antioch Rescue Squad was called, but Dr. Anderson had been dead for some time.

Dr. Anderson was active in civic affairs, and had served on the Channel Lake School Board since 1956. He was a member of the board at the time of his death.

Dr. Anderson was 55 years old. He was born July 1, 1907, in Chicago, the son of Claus and Emily Anderson. He graduated from Northwestern University, where he received his M. D. degree in 1931. He and his wife, Dorothy, were married on Jan. 21, 1929. He served his internship at Swedish Covenant Hospital in Chicago, after

which he began his practice in 1932 at Grayslake.

On Jan. 1, 1948, he moved to 4 S. Genesee St. in Waukegan, where he has been practicing. He was a member of the Lake County Medical Society, the Illinois Medical Society and the American College of Surgeons. He was one of the founders of the Christian Medical Society.

Dr. Anderson was instrumental in starting the erection of the Grayslake High School and was on the planning committee.

He was active in spiritual welfare work at the Lake County Jail. He was president from 1948 to 1955 in Child Evangelism Fellowship. He was one of the founders of the Antioch Evangelical Free Church, and was active in planning the construction of the present church. Because the church is not completed, it was impractical to hold his funeral services there. He taught the adult Bible class at the Free Church.

Dr. Anderson is survived by his widow, Dorothy; one son, Stanley D. Anderson, Jr., of Wilmet, Wis.; two daughters, Mrs. Carolyn (Robert) Singleton, Jr., of Madison, Wis.; one brother, Paul Anderson of Detroit, Mich., and two grandchildren.

Funeral services will be held at 2 p.m. Thursday (today) from the Immanuel Baptist Church in Waukegan with the Rev. Walter Olson, pastor of the church, and Pastor Carroll C. Lindman of the Antioch Evangelical Free Church, sharing the officiating of the services. Friends called at the Strang Funeral Home in Antioch from 7 p.m. until 10 a.m. Thursday, and at the Immanuel Baptist Church until the time of the funeral. Interment was in Salem Mound Cemetery at Silver Lake, Wis.

Post 748 Cited For Child Work

Antioch Post No. 748 of the American Legion here has been cited by The American Legion National Headquarters in Indianapolis, Ind., for outstanding service to children and youth.

Announcement of the citation was made by Commander John Volk, commander of Antioch Post.

The Commander gave much of the credit for winning the award to Edward Frazier, who is Child Welfare Chairman of the Post.

"Child Welfare is one of The American Legion's major programs," Commander Volk said, "and we are proud that our efforts have been honored in this way."

The citation was presented to the Post by Mr. Schultz, Asst. 10th District Commander. It is personally signed by The American Legion National Commander Charles L. Bacon and by American Legion State Child Welfare Chairman.

All American Legion Posts are required to submit an annual report of their work for children and youth. It was on the basis of this report that Antioch Post 748 won the citation for outstanding service during the past 12 months.

Among activities which earned this recognition for the Post, the Commander listed: the sponsoring of Boy Scout Troop 91; the Post sends a boy each year to Boys' State; presented each of the local schools with the new 50-star flag; they present a medal each year to the two outstanding students (one girl and one boy) graduating from each of the grade schools in the area; and they aid needy families.

Horn MC's At C.P.A.'s

George M. Horn, Indian Point, Antioch, will serve as master of ceremonies at the Tuesday luncheon of the Illinois Society of Certified Public Accountants' eighth annual tax conference meeting Monday and Tuesday, Dec. 3 and 4, in the LaSalle Hotel.

Senior vice president of the Society, Horn is partner in Harris, Kerr, Forster & Company. He will introduce past president Leo V. Tinkham who will give the main address.

More than 650 CPA's and guests will attend the conference to learn about the provisions of the 1962 Revenue Act and the depreciation guidelines released in July as well as new state tax developments.

Co-sponsored by the Society's committees on state and federal taxation, the annual conference updates CPA's on taxation matters.

Pictures of Santa & Kids

For the fourth year, The State Bank of Antioch will make it possible for your child to have a picture of himself with Santa Claus.

Children can have their pictures taken with Santa on one of two nights—Friday, Dec. 7, from 6:30-8:30 p.m., or Saturday, Dec. 8, from 10 a.m. to noon, and from 1 p.m. to 5 p.m.

At those times, Santa will be in the building at 381 Lake St., the former home of the Gibbs & Jonsen store, to come to visit him.

The pictures will be immediately available as a Polaroid camera will be used. They will be put in an attractive frame.

In the four years that the State Bank has sponsored this Christmas program, over 800 pictures of more than 2,000 children have been taken and given to parents. From one to four children are posed with Santa at one time.

Comedy Quint At Grant High

Basketball's internationally famous Harlem Diplomats will play at the Grant High School gym Dec. 17 at 8 p.m. They will be opposed by the Grant High School Faculty All Stars. The Diplomats, who are rapidly becoming played in Mexico, Cuba, Jamaica, Nassau, Brazil and Venezuela where they were labeled the "funniest team ever."

The team features two of basketball's great comedians, Dick Harvey and Goose, Jr. Also there is a bright new sensational dribbler and ball handler, Pete Russell. Jim Scott, standing almost 7 feet, is the tallest player with the team.

The Diplomats will present basketball's most spectacular magic circle. Parts of this unique circle is done in the darkness; only visible objects are the hands, shoes and a glowing basket ball. The tricky ball handling will precede the game.

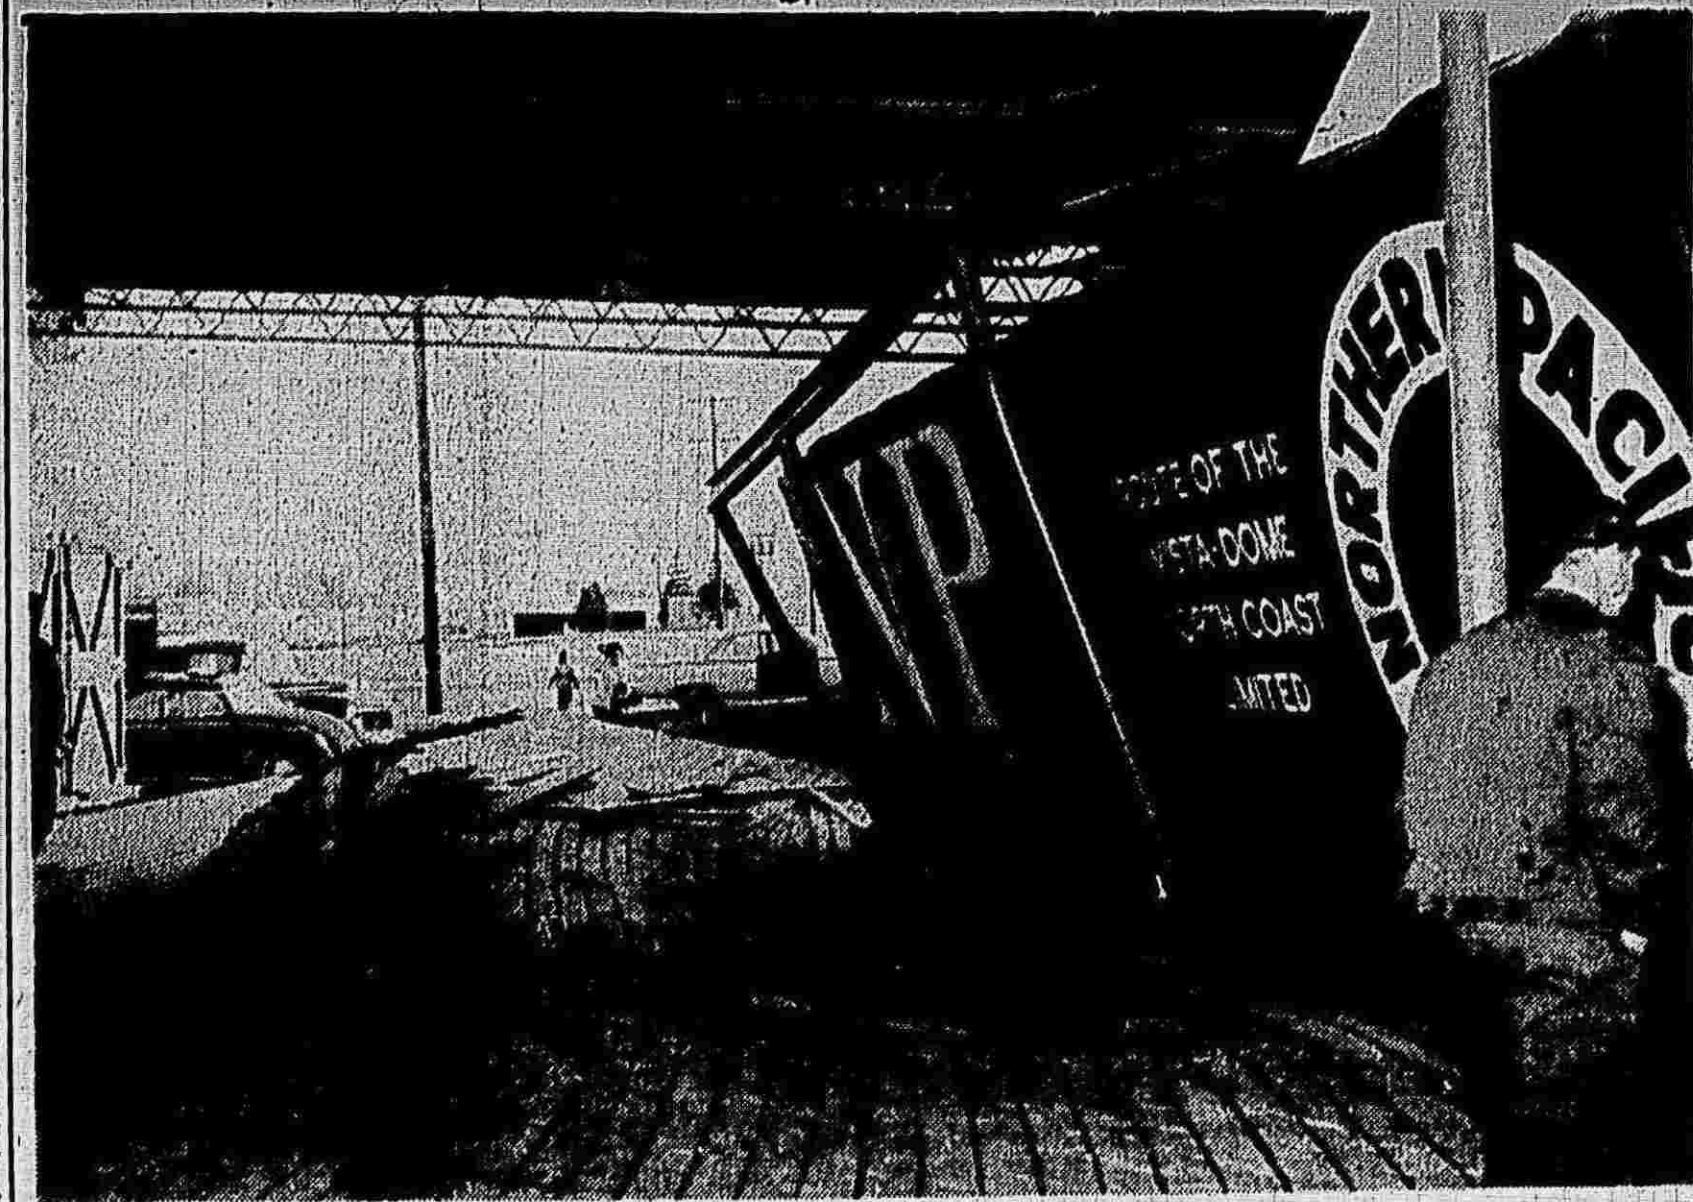

The team is believed to have the greatest group of razzle dazzle ball handlers ever assembled. While playing before 200,000 fans last season the Diplomats compiled a 173 to 4 win and loss record respectively. At present the team is undefeated. The game promises to be one of fine basketball mixed with delightful comedy.

The game is sponsored by the Grant G Club and Annual staff. Tickets will be available at the door.

Wreck On Soo Line Tracks Snarls Up Railroad Traffic

THIS FREIGHT CAR, PILED into the loading platform of the Froese Sno loading platform when the cars ran off the track.

Trains Move Sat. Morning

Twenty-two cars of an 85-car train were derailed in the Thursday-midnight accident which left the tracks of the Soo Line railroad blocked for nearly two days.

Railroad officials have not yet announced the cause of the accident, which is still being investigated. However, educated guesses by some who heard the train before the crash, and an old railroad worker who viewed the scene, are that a portion of the undercarriage of the frame of the first car to derail broke and dragged.

Engineer M. L. Watson told Police Chief Scott, who was on the scene shortly after the accident occurred, that the train was traveling at a speed of 55 miles an hour. Conductor on the train was H. E. Puls.

Cars were piled in scattered confusion after the crash, with one which had plowed into the loading platform of the Froese Sno Company resting at an angle against the platform, apparently supporting the roof. Some of the smashed cars were piled atop one another, with portions of the cars smashed open and spilling their contents.

Two tanks of liquid chemicals were smashed open and their contents were leaking out. One was liquid soda, used in the paper industry; the other, a liquid solvent, which had an unpleasant smell.

The train was north-bound, and the last cars cleared the railroad crossing on Route 173 before the accident occurred.

Forty cars were in the front section of the train which was not damaged. Twenty-two cars were derailed, and twenty-three cars behind them stayed on the tracks. Air brakes on the cars set automatically and stopped the remaining cars when the 22 left the track.

A vent to a gas main near the American Legion Home was broken by one of the cars and added to the discomfort of railroad workers who were on the scene shortly after the accident. It was quickly repaired.

The derailed cars narrowly missed plowing into the American Legion hall and the residence across the street from it. Ida Avenue traffic was blocked at the railroad intersection. Crowds of the curious and of railroad workers clearing the debris caused unusually heavy traffic on surrounding streets.

However, Police Chief Walter Scott said it created little real traffic problem, as the streets are not normally busy ones which would interfere with the flow of traffic. Two wreckers from the Soo line crew at Stevens Point and Schiller Park worked at the scene through Friday and Saturday to clear the tracks and surrounding area. They were assisted by two local caterpillars, and crews of railroad workmen. About 240 feet of rail were torn up by the runaway cars, and they were scattered over about 300 feet of the right of way. Workers worked from both ends of the pile-up, to clear the way. As soon as the cars were moved from the tracks, crews replaced the damaged rails.

Traffic on the tracks was resumed Saturday morning, the first train to go through after the accident being at 9 a.m. Saturday. By Wednesday (yesterday) the last of the derailed cars was upright and ready to roll or, where too damaged, loaded on cars to be hauled from the scene.

Moose Open Drive For Xmas Toys

There will be four collection depots in Antioch for the deposit of toys for needy children in the Moose "Operation Santa Claus" campaign to make this a "Toyful" Christmas for all boys and girls in this area.

Collection containers will be placed at the following locations, according to Ed Petersen, chairman of the local Moose Civic Affairs committee:

1. The Jaycee Building, Lake and Main Sts.
2. Moose Lodge, Main St.
3. Jewel Store, Lake St.
4. Post Office, across the street from Fire Station
5. IGA Store, Rtes. 59 & 173.

The Moose is cooperating (continued on page 5)

Grade School Xmas Concert On Sunday

The annual Christmas concert of the Antioch Grade School Band will start at 3 p.m. on Sunday, Dec. 9.

The Junior Band as well as the Senior Band will perform in a program of marches, waltzes, popular music and a variety of Christmas music. Narration will be by Edwin Hill, the E.M.H. teacher at the school.

The program will be in the grade school gym and will be conducted by George Olisar.

Three Lose Driver's License: Carpenter

Secretary of State Charles F. Carpenter has announced the following actions by the Driver's License Division of his office:

Revocation of the licenses of Biagio Cirsuolo, of Fox Lake for driving while intoxicated, and of William J. Kneubuhler, Rt. 1, Round Lake, for the same reason.

The license of Daniel J. Gathman, 38 N. McKinley, Fox Lake, has been suspended for driving while intoxicated.

The license of Anthony Perrone, Jr., of Rt. 3, Box 120, Antioch, was suspended for three traffic violations.

Village Board Asked To OK New Building Site For Apartments

Consideration of petitions for building permits for new construction being planned for Antioch again occupied much of the time of the Village Board when they met Tuesday night, with plans and appropriations for snow removal and plans to establish an ice-skating rink also being considered, along with numerous other affairs of village business.

Charles Cernak, representing the J. Lind Builders of Bellewood, asked approval of the Board of plans he submitted to erect an apartment house containing 36 units on North Main St. Objections to the proposed building were raised by Herman Holbek, who stated that several residents of the area were opposed, fearing cheapening of the neighborhood. The Board decided to defer decision on the matter until a public hearing could be held, at present slated for Dec. 20, to allow residents to express opinions.

George Kennedy tendered a check for \$7,500.00 to the Board, requesting that he be allowed to purchase from the village Lot 2 and part of Lot 3 in Block 1 in Sequoit Acres, where he would erect a building to house the offices of the Kennedy Construction Co. The Board refused the request and returned the check. The village well is located on the lot, and Board members expressed the opinion that the lots should be held in case of need for another well in the future, or for use as a park.

The Antioch Lions and Jaycees asked permission to convert the parking lot at the Scout House, near the swimming pool, into an ice skating rink for the winter. The Board approved the proposal, providing the organizations provide insurance.

Quaker Industries, Inc.,

Local Dairy Farms Win Mention

New official production records by registered Holstein cows in this area were highlighted today in a special report from The Holstein-Friesian Association of America.

Grayslake Nobly Bess 3983470, a six-year-old, owned by Grayslake Gelatin Farms, Grayslake, produced 19,131 lbs. of milk and 701 lbs. butterfat in 313 days.

Pietje Rother Jean 4641-853, a five-year-old, owned by Ravenglen Farm, Antioch, produced 15,714 lbs. milk and 576 lbs. butterfat in 297 days.

According to the national Holstein organization, the new production figures compare to an annual output of 7,211 lbs. of milk and 270 lbs. of butterfat by the average U. S. Dairy cow.

The University of Illinois supervised the weighing and testing of the Holstein records as part of the breed's nation-wide herd testing programs.

New Postal Rates Start January 7

The Antioch Post Office has many additional responsibilities as well as numerous extra services to offer the public during the 1962 Christmas season. Postmaster Roy Kufalk said yesterday in issuing an especially urgent appeal to the public to mail early.

For use during the Christmas rush, the Post Office Department is offering this year a new 4-cent Christmas stamp for sale, and is preparing for new postage rates starting January 7, Mr. Kufalk explained.

"And so we really need public cooperation at this time," Postmaster Kufalk said.

Commenting on the rates, he observed that in a period of high-cost living when one exercises care in expenditures for goods and services, the U. S. Mail service still

asked that consideration be given to reducing their sewer and water bill, which they considered too high under the new rates. A letter from them read by Mayor Cunningham stated that 75% of the water they use is not emptied into the sewer system, but goes into storm sewers. The board decided to investigate the situation.

Board member Ray Toft, upon presentation of a bill for sewer inspection by Paul Gundlach, resident engineer, blasted the performance of the sewer inspection engineer and expressed the opinion that the "village had been taken" in this respect. Time for which the village had been billed for sewer inspection, Mr. Toft claimed, the engineer had been loafing in the Shell Station. When the bill for \$825 for resident engineer service was presented to the Board, Mr. Toft voted "No" to the payment.

Richard Ohlgren of Felter's subdivision asked the Board to consider installing lights in the alley between Williams V & S Hardware and the Jewel Box. The Board voted to do so, and Mayor Cunningham suggested that the alley be blacktopped.

A rather unusual request was presented from Mrs. Walter Scott, asking that her pay be cut and that she receive a two-week vacation.

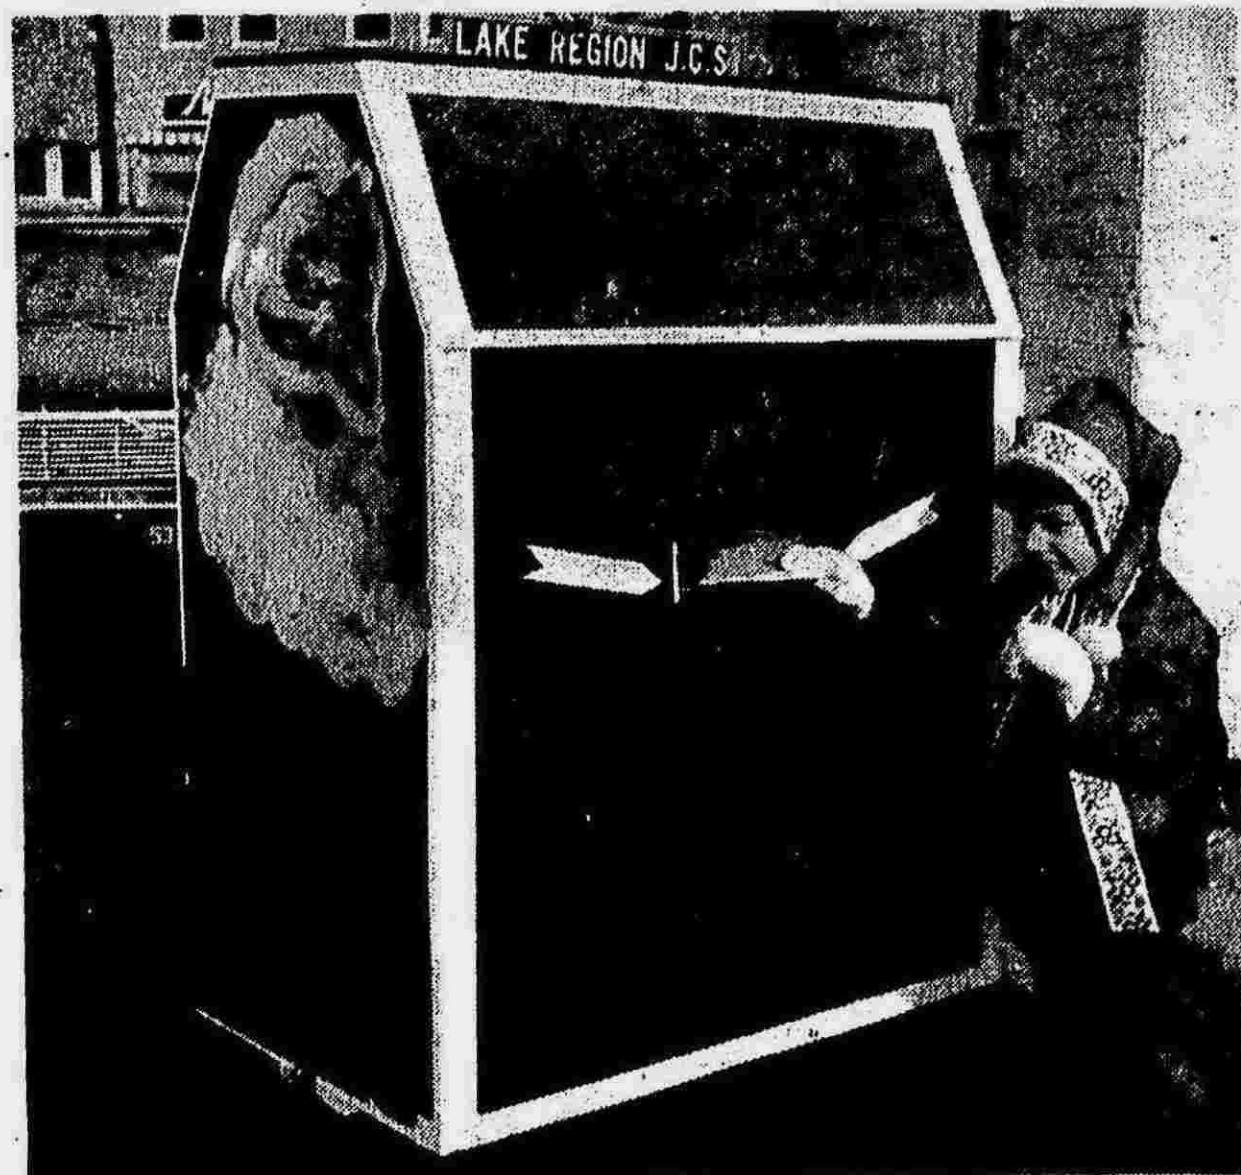

Blue Ballot Passed

The State electoral board met on November 29 in the office of Secretary of State Charles F. Carpenter to canvass the vote in the Nov. 6 general election.

Members of the board are Governor Otto Kerner, chairman; Secretary Carpenter; secretary, Auditor Michael J. Howlett, Treasurer Francis S. Lorenz and Attorney General William G. Clark.

The Judicial Article Amendment was certified as passed, receiving a majority of the total votes cast at the election. The total vote cast in the state on the blue ballot was 3,288,154. Of these, 2,166,917 voted yes, 1,121,237 voted no.

(continued on page 5)

MADONA DEE PICCHETTI, 4½ years old, mails a letter to Santa in the box provided for that purpose at the corner of Lake and Main by the Lakes Region Jaycees.

EDITORIAL

Stop Teen-Age Drinking

The Lake County Liquor Board revoked the license of the Last Resort for selling liquor to minors, and last month the State Liquor Board upheld that decision, closing down the tavern. We applaud both bodies for their action.

But let's not stop there. Other places in the county are selling liquor to minors, contributing to youthful disrespect for the law and increasing traffic accidents.

We hope the Liquor Board intends to pursue the project of closing any tavern which breaks the law in this respect. Youngsters who can brazenly break one law can't be expected to have much respect for other laws, and the enforcers of law. No doubt many burglaries are hatched in these places. Teen-age drivers, with a few drinks under their belts, urged on by half-drunk contemporaries looking for excitement, roar away from these hot spots to a rendezvous with death, for themselves and innocent travelers in their path.

If you believe that these youngsters should be allowed to drink, work for a law making their drinking legal. As long as the law says they can't, flagrant breaking of the law leads to corruption.

If the Liquor Board believes they've dealt with the problem of taverns selling liquor to minors, we recommend that they visit well-known Slide Inn at Channel Lake, now known as Holiday Inn. A rose by any other name still smells.

And if bartenders at this place plead that they were misled by false I.D.'s, the kindest thing we can say is that if their judgment is this bad they shouldn't be in business.

Courthouse Notebook

BY LOU DURKIN

The changing of the guard took place again Monday in the courthouse when the county officials who were elected to office on Nov. 6 took over their duties officially.

There was only one really new face among the officers, that of Probate Judge LaVerne A. Dixon, whose previous service in the courthouse had been restricted largely to court appearances as an attorney.

Judge Dixon and County Judge Minard E. Hulse, who is embarking on his fourth term, are in the strange position of knowing that by the time their term is completed their jobs will also have been eliminated as a result of the affirmative vote on the judicial "Blue Ballot" amendment to the state constitution.

Judge Dixon will be moving into a post that has been vacant since Circuit Judge Thomas J. Moran switched courts two years ago.

Taking elective office for the first time was Sheriff Charles E. Larson, although he is a familiar figure about the courthouse having served a long apprenticeship as deputy sheriff and chief deputy under a succession of sheriffs.

County Treasurer Karl Berning is not exactly a stranger around the courthouse since he steps up to the post from the job of Supervisor from West Deerfield Township.

The two-time chairman of the county board probably has the biggest job of familiarization since the treasurer's job is tremendously complex, but he is counting on the introduction of automatic data processing equipment, the much-discussed IBM equipment, to ease his way.

One of the first major tasks confronting Berning is finding room for his employees who are being dislocated with the installation of the new equipment.

Berning's predecessor, Hugo L. Schneider, Jr., moves to the fourth floor where he will succeed the veteran Alen J. Nelson as Clerk of the Probate Court and the former treasurer has assured Berning that he will be on hand to offer advice or assistance.

The swearing in was, old

stuff for Superintendent of Schools W. C. Petty, whose first oath of office was taken 32 years ago, and County Clerk Gar Leaf, who has taken office as county treasurer, coroner, and county clerk in past ceremonies.

Berning is in a unique position in that he is the first representative of the southwest part of the county to hold office in the courthouse for more than a score of years and historians would have to go all the way back to former State Representative Harold Kelsey to find another County Board member who moved up to an elective office at a higher level.

With the county election out of the way attention swings to the township election and the election of county board members from 10 of the 18 townships.

Certain to be replaced in the spring balloting is Emmett Moroney, veteran supervisor from Deerfield Township who has announced his retirement effective Dec. 31 after more than a quarter of a century of service.

Moroney's place on the board will be filled temporarily by appointment, a selection in which he will undoubtedly have more than a passing interest.

A fight is already brewing in Fremont Township where Mrs. Lillian Wertz is serving out the term of her late husband, John Wirtz.

Mundelein Village President John J. Noel and John DeRose have already signified their intention of seeking the Fremont supervisor post even though the incumbent has not disclosed her plans.

The Democratic party has signified its intention of placing tickets in the township races again this year and the Republican party is expected to meet the challenge head-on in most areas.

The election of county board members on party lines should be welcomed by the other county officials who have seen the "non-partisan" board push ahead with plans and policies that have not always had the stamp of approval of the GOP in Lake County, some of which have been less than popular politically.

Letters to the Editor

Pearl Kapell, Editor
Antioch News

Dear Editor:
The Northern Illinois Conservation Club is very grateful for the wonderful exposure you gave to our recent Turkey Shoot.

This affair was very successful and we feel that a good measure of credit for this belongs to you. Our facilities were used to their fullest extent and we plan to double them at next year's shoot. The shooters, too, were pleased and they freely expressed their satisfaction.

Again, thank you for your valued help.

Cordially yours,
Harry H. Stern
Director, Public Relations
Northern Illinois Conservation Club

LETTERS TO THE EDITOR
I would appreciate the following in your next Antioch News as my way of saying thank you.

Thirty days on my back, resulting from a fall out of a tree about fifteen feet to the ground.

I was picked up by the Antioch Rescue Squad in about ten minutes after they were called. Taken to the Victory Memorial Hospital in Waukegan where I stayed for thirty days.

I want to thank all the nurses and aids that worked 24 hours taking care of my wants. The following nurses and aids were at my call at all times: Mrs. Mary Sowa, Mrs. Phyllis Hawk, Mrs. Wilmette Houser, Miss Virginia Ballard, Mrs. Betty Moore, Mrs. Sue Ballard, Mrs. Leo, Mrs. Dunlavy, Mrs. Cunningham, Mrs. Farley, Mrs. Taylor, Mrs. Mitchell, Mrs. Shiebler, Mrs. Watt, Mrs. Akins, Mrs. Sandra Rush, Mrs. Maria Castano, Mrs. Esther Keller, Mrs. Shirley Larson, Mrs. Wheeler, Miss Tuberville, Mrs. Humphries, Mrs. Cavin, and Mrs. Adams. I want all the above to accept my appreciation for all the nice things that made my stay a pleasant one. A lot of dedicated people with one thing in mind—the welfare and comfort of patients.

Also had some nice roommates. One in particular was a Wayne Rivers from Waukegan in bed with a heart ailment. He was very kind and helpful to me getting things from my stand which I could not reach, and being helpful although he was in the hospital for a rest.

Also a Mr. Kopecki who was very ill but still had time to visit which made the days shorter. I hope I have not left out anyone that made my stay a pleasant one. I am able to get around with canes and have taken back my wheel chair. In a few weeks I will be good as new.

George C. Eckert

Grayslake, Ill.

To the Editor:
The editorial page of the News Sun, Friday, Nov. 30, contained two interesting observations.

The writer of the editorial "Coming in the Back Door" says:

"The edifice" (he is talking about the new building to be erected in Springfield for the Attorney General) "will be erected by the Illinois Building Authority which is empowered to sell revenue bonds for constructing such buildings. The Authority will then charge sufficiently high rent to pay off the bonds. But, where will the money be coming from? The State's general fund—that's where."

Is it possible that the gentleman who sees so clearly that the citizens of Illinois will be paying for the building down in Springfield honestly believe that the Court House in Waukegan will cost the citizens of Lake County nothing? The 7½ million "just growed", but it will have "growed" out of the tax money which could well be left in the townships to pay the ever increasing school costs.

And speaking of schools, this excerpt from Co. Supt. Petty's letter was thought-provoking, too.

"I believe that if more people had to face the electorate, even in school administration,

MY OLE GRANDPAPPY USED TO SAY!

By the Rev. Fr. Edmond E. Hood
Pithy Points for Preachers

The devil is generally close by when the preacher trades horses.

Some preachers are afraid to open the bible very wide for fear they will have to die in the poorhouse.

Whenever the preacher calls the devil by his right name, somebody in the congregation has his feelings hurt.

If a preacher is never convicted by his own preaching... he had best shut up his bible and quit... he's in the wrong business.

Along The Way

with Annie Mae

One of the surest signs of Christmas have appeared on the scene this last week. Every vacant lot and eligible corner has been filled with pine in all of its variations. This great symbol of the Christmas season that we have inherited from our German ancestors has indeed undergone many changes since its first inception. Today we find trees of many mammoth substances including aluminum and snowy flock. Each of which is beautiful in its way, but the scent of the northwoods, pine, in one's home at Christmas time is a part of the season that is difficult to dismiss. Traditionally the trimming of the tree officially opened the Christmas season in each home, and welcomed everyone to partake of the joys and spirit of the Holidays.

THE LATEST REPORT: Evelyn Strang may hold the reputation for keeping her wreath the longest last year, but Jean De Boer has our recommendation for the earliest wreath this year. Peg and Bob Webb have become Coral Apt. dwellers since last Wednesday, when they moved into the apt. vacated by Dr. Vermeren, while he moved into the home he purchased from them on Winsor Dr. . . . the tellers (and some of the exec's too) have had a "ball" kidding the customers about the newly installed camera being the "candid" one. . . . Winnie Pullen says it's not true they didn't hear the train wreck. "We just didn't wake up that's all" . . . Bill Meyer has undergone spinal surgery at Zion hospital this week. . . . Mrs. Gordon Volting hosted a wedding shower for her brother's bride-to-be last Sunday, with about 30 guests present.

IN THE SPOTLIGHT: The handful of merchants (out of more than 60 business houses) who cared enough to wish the consumers (who are their very sustenance) a Very Merry Christmas, by seeing to it that our streets had some decorations and that Santa would visit our town!

FORGET YOU NOT: The Antioch Grade School Band Concert on Sunday, Dec. 9. . . the Boy Scout Bake Sale Sat., Dec. 8 at the Ford Garage.

THE LAST DROP: Lynn and Gardner Mallory of the IGA have been vacationing in California. . . a second pair of Sunny Cal visitors, Joe and Gloria Patrovsky, Jr.,

more efficiency might obtain. Suppose one is appointed to a large board that has staggered terms of 6 years duration. It is quite human that an appointee under this arrangement might feel a bit too secure. It could easily require several elections to discipline the appointed officer.

A West Lake County school district came to mind—a district which required several elections and a court action to remove the "secure" appointee. Could that appointee have been in Supt. Petty's mind too? Could there be others in school administrative positions throughout the county who, to Supt. Petty's knowledge might deserve "discipline"?

I am sure the editorial writers and our officers in positions of authority recognize injustices that are being done. I suspect neither the editorial writer nor Supt. Petty of ignorance—merely indifference.

Imogene Cashmore

THE ANTIOCH NEWS 2
THURS., DECEMBER 6, 1962

By Pearl Kapell

Have you ever received one of those advertising letters that make you simply long to sit down and write an answer to it?

I've decided to give in to the urge. I know it's a snide thing to do but everybody's entitled to one mistake. Anyway, that is what they say. Don't ask me who "they" are. I have to have some excuse for writing this.

This was the letter from a very reputable book publisher, and I'm sure the firm had no intention of using high-pressure sales talk. (Oh, yeah?)

The letter starts "DO YOU KNOW—" I've supplied the answers.

"Why airplanes cause flutter in your television picture?"

Sure I do. By flying over my house.

"Why Japanese beetles are not a problem in their homeland of Japan?"

Probably Japanese beetle parents are stricter with their young than the ones who emigrated.

"How photographs can be taken in the dark?"

Use a flash bulb.

"What American animals never drink water?"

Young business executives.

"How a thermostat regulates temperature?"

Anybody knows this one. You set the thermostat at the heat you want, and if you're lucky and it's working right, some dohickey turns the heat up or down.

"How a firefly lights up?"

Rather dimly.

"What would happen if a comet were to hit the earth?"

Somebody would build a fence around it, and sell tickets and hot dogs.

"How termites digest wood?"

A better question is Why.

The letter goes on, of course, to tell how you can have the answer to all these fascinating questions for so many dollars and 98c. I imagine one could be a social success at any dinner party if you explained to your

Your Governor Reports by OTTO KERNER

A recent conference with representatives of news media in Chicago again has brought the attention of the general public to the progress of the revolutionary mental health clinic program pioneered by Illinois.

The specific purpose of the conference was to announce that ground will be broken in April 1963, for the first of the clinics. First construction will begin on the clinic in North Chicago.

In connection with this specific announcement, the

full-range of the progress of the revolutionary program was discussed. It was evident to all that the scope and originality of our program spelled a milestone for Illinois and the nation.

Our progress was brought in sharp focus for those persons in attendance and as one metropolitan newspaper editorial said, "In a trail-blazing project of this importance and magnitude, the most painstaking planning is warranted, and has been carried out."

The blueprint is well known to most citizens: two community centered clinics in Chicago; similar ones in Rockford, Springfield and Peoria; an adult facility in Decatur, with a branch, for children, in Champaign. The projects are financed by almost a third of the \$150 million welfare bond issue.

These facilities will be the first anywhere planned for short-term, intensive care to treat all categories of mental illness and all age groups with program and facilities completely integrated into the community it will serve.

The timetable for the North Chicago clinic calls for patients to be admitted in September 1964, with construction completed the following month. Soon thereafter, the other projects will be in the stretch drive toward completion.

This is a magnificent undertaking and we are geared at all levels to begin this new road to better and more profound treatment of the mentally ill.

Programs of treatment and care to be offered by the new clinics are already being put into use in existing institutions so that these new concepts will be crystallized by the time each clinic is completed.

Antioch Pupils In Driver's Ed.

Eighty-one pupils of Antioch High School are now enrolled in the Driver Education class.

Driver Education is an elective course and consists of a minimum of six hours of behind-the-wheel dual control instruction for each student.

Safety Education is required during the sophomore year for all students. It consists of a minimum of 30 hours of classroom instruction.

For the school year of 1961-62, 137 students received behind-the-wheel instruction, and 78 received Safety Education.

During the summer of 1962, twelve students were enrolled in Safety Education and 44 in Driver's Education.

"Voices from Home" mean a lot to servicemen who can't be home for Christmas.

Record a message to your loved one, by taking advantage of your Lake County Red Cross "Voices from Home" recording program.

Call your Lake County Red Cross and make an appointment to make that recording. As with all Red Cross services there is no charge.

Phone ON 2-4044 and make an appointment, you and your servicemen will be glad you did.

STUDENTS FROM Antioch High School at Science Open House, the U. of Chicago, with Chas. S. Barrett, Professor, explaining models x-ray. With him are Jim Edwards, and Jim Bernstable.

Students Attend Science Open House In Chicago

More than 1,200 outstanding high school students and their teachers attended the Eighth Annual Science Open House at the University of Chicago Saturday, Nov. 17.

Scientists in the Institutes for Basic Research at 5840 South Ellis Avenue opened their laboratories for the students from 650 high schools in Wisconsin, Michigan, Indiana, Iowa and Illinois.

The Institutes grew out of the scientific organization which produced the world's first nuclear pile in the West Stands of Stagg Field under the late Enrico Fermi 20 years ago on Dec. 2, 1942,

and thereby ushered in the Atomic age.

Among the Institutes' scientific tools on display are the 450-million electron volt synchrocyclotron and the newly installed IBM 7090 computer.

U. S. Savings Bonds

Lake county residents purchased a total of \$397,202 in series E and H United States savings bonds in October, according to Philip L. Spidel of Lake Forest and John Meade of North Chicago, general county chairmen of the savings bonds committee.

DEATH NOTICES

HAROLD KURZIN

Harold Kurz, 2016 East Rolling Ridge Lane, Lindenhurst, died of a heart attack Monday, Sept. 3, at St. Therese Hospital. He had been ill since Thanksgiving and hospitalized since Saturday.

He was born January 1, 1910, in Chicago. He was head of the accounting department of the Chicago Association of Commerce and Industry for 35 years. Four years of that time he was in service.

Survivors are his wife, Berna; two daughters, Sharon Lee, 4, and Carole Gay, 13 months; his mother, Mrs. Ida Carson of Chicago; four brothers, George, Charles, Leroy and Raymond; two sisters, Mrs. Eleanor Jordan and Mrs. Mildred Trjedess.

Funeral services were held at the Wm. C. Smith & Sons Funeral Home at 2500 N. Cicero Ave., Chicago, at 2 p.m. Wednesday, with the Rev. Harold I. Nelson of St. Mark's Lutheran Church of Lindenhurst officiating. Burial was in Prairie Queen cemetery at Munda, S. Dak., after service there.

JAMES F. BLISS

James F. Bliss, 78 years old of 536 Riverside Drive, Silver Lake, Wis., passed away after a lingering illness Thursday, Nov. 29, at 11:50 a.m. in his home. He was born on June 26, 1884, in Baxter Springs, Kansas. Mr. Bliss had resided in Kansas City, Kansas, Omaha, Nebraska, and Tulsa, Oklahoma, before moving to Wayne, Ohio, where he married Anna DeWolfe, on Dec. 14, 1904. They then moved to Warren, Indiana in 1916 and afterwards to Oklahoma and Texas where Mr. Bliss worked in the oil fields as a well driller. They then moved to Silver Lake, 21 years ago where he worked as a water well driller.

Grant Has Science Demonstration

A program of scientific demonstrations was given Friday, Nov. 16, by H. Lynn Bloxom at Grant High School. Mr. Bloxom's experience as a teacher, industrial physicist, experimenter and entertainer qualified him well for the presentation. The novel demonstrations explained many scientific principles used in modern space travel and satellites in motion. The fascinating apparatus showed in dramatic fashion facts of motion, electricity, sound and light.

The presentation was sponsored by the Student Council.

er. He had held membership in various Methodist churches before moving to Silver Lake. He was an inactive member of "International Union of Operative Engineers Local No. 554."

Survivors are his wife, Anna L. Bliss, Silver Lake, Wis.; three sons, Lawrence R. Bliss, Chicago; Donald D. Bliss, Pleasant Hill, Calif.; Sgt. Norvel E. Bliss in the Air Force at Fort Worth, Texas; two daughters, Mrs. Leonard (Mildred) Johnson, Prescott, Arizona; Mrs. Charles (Marjorie) Oliver, Chicago; one

brother, Mr. A. J. Bliss of St. Petersburg, Fla.; two sisters, Mrs. W. G. Jensen and Mrs. K. R. Jensen, both of Coffeyville, Kans.; 11 grandchildren and two great-grandchildren.

He was preceded in death by one daughter, Miss Roberta Eleanor Bliss, in 1964.

Funeral services were held at 11 a.m. Monday in the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist church officiated. Interment was in Salem Mound Cemetery at Silver Lake, Wis.

This Christmas give her a 32-minute vacation from dishes every day...

Give her an electric dishwasher

Let's face it—most wives don't like doing dishes any better than you do. That's why the gift that saves your wife more than one-half hour of dishwashing drudgery every day is a gift she'll appreciate every day for years to come.

NEW PORTABLES GET DISHES CLEANER THAN YOU CAN WASH THEM BY HAND

Today's dishwashers (portables, too) probat wash and rinse water to grease-cutting temperatures hotter than even gloved hands can stand. Automatically the dishes, glassware and silver come out sparkling, hygienically clean. Roll-around portables are ideal for apartments because they need no permanent plumbing connections, roll out of the way when not in use.

BEAUTIFUL BUILT-INS AUTOMATICALLY DO ALL THE DAY'S DISHES AT ONE TIME

Big capacity built-ins even get pots and pans shining with a gentle scraping beforehand. And you'll never again see dust, lint or dish towel streaks because drying is done only in pure-clean electrically heated air. More than a great gift, a built-in dishwasher is a good way to begin if you've been planning to modernize your kitchen.

You'll have more electric dishwasher models to choose from if you see your appliance dealer soon.

WATCH "OUR MAN HIGGINS," WEDNESDAY NIGHT, ABC-TV

Now... a car that's even nicer than the '62 Pontiac

the '63

You can tell just by looking at that new grille that the Pontiacs are going to be easy to spot in a crowd again this year. Who else would have thought of tucking the headlights in so neatly, one above the other? [Nice touch? They aim better that way, too.]

When you put style like this together with new accents like a wider Wide-Track, an even slicker ride, and deeply sumptuous interiors you've got a car that's nicer than the '62 Pontiac. Your Pontiac dealer's got it now. **Wide-Track Pontiac**

SEE YOUR AUTHORIZED PONTIAC DEALER FOR A WIDE CHOICE OF WIDE-TRACKS AND GOOD USED CARS, TOO!

Lake Villa Wedding Unites C. Schissler and T. Horton

Carolyn Schissler and Terrence Horton were united in marriage on Saturday, Dec. 1, at 3 p.m. at Prince of Peace Church in Lake Villa, with

the Rev. Fr. David Lynch performing the double ring ceremony.

The bride, the daughter of Mr. and Mrs. Frank Schissler of Cedar Crest Subdivision, Lake Villa, was given away by her father. The groom is the son of Mr. and Mrs. Herbert Horton of North Ave., Antioch.

The bride's gown was of white satin, with fitted bodice and full skirt. Her short veil was held by a crystal and pearl crown, and she carried white roses with a center of red tea roses.

The maid of honor, Miss Sue Uedell, wore a ballerina length red gown with a full skirt and carried white carnations.

Best man was Herbert Horton, Jr., brother of the groom. A reception after the ceremony was held at the home of Mr. and Mrs. John Levandis of Morton Grove for about 100 guests.

The couple left on a two-week honeymoon trip to Florida. On their return, they will be at home at Petite Lake, Antioch.

The bride and groom are both graduates of Antioch High School. Mrs. Horton is employed at Great Lakes. Mr. Horton is employed by the Hough Co. in Libertyville.

Engaged

Miss Marie Freund

Mr. and Mrs. Peter Freund of Antioch announce the engagement of their daughter, Marie, to Charles Blankley, son of Mr. and Mrs. Charles Blankley, Sr., of Kenosha, Wis.

A June 15th wedding is planned.

VISIT JUNGLE GARDENS

SARASOTA, Fla.—Mr. and Mrs. Walter N. Hills, Route 4, Box 329B and Mr. and Mrs. Frank J. Vane, Route 4, Box 336, Antioch, enjoyed a visit to Sarasota Jungle Gardens on Nov. 30 during their recent vacation in Florida's Lower West Coast.

The visitors mingled with flamingos and other rare wildfowl from every continent roaming freely in these world-famous Gardens. Other points of interest in Jungle Gardens were hundreds of unusually colorful tropical plantings, huge Royal Palms bordering jungle trails, and brilliant macaws and cockatoos which pose with visitors for pictures.

Campus News

WAUKESHA, Wis.—The 1962 Hinakaga, Carroll College yearbook, has received an A-minus rating from the National School Yearbook Assn.

The 200-page book, published each fall by Carroll students, was distributed in September.

Karin Nordling, daughter of Mr. and Ms. Andes Nodding, Lake Villa, is art editor of the book.

Renew Wedding Vows At Fiftieth Anniversary

Mr. and Mrs. Frank Vendl, of California subdivision, Antioch, celebrated their Golden Wedding on Nov. 24 with a Mass of Thanksgiving at St. Peter's Church and a renewal of their marriage vows with the Rev. Fr. Henderson officiating. They then entertained about 75 relatives and friends at a reception at Lorenz's Smart Country House, and held Open House at their home on Lake Marie in the evening.

The couple were married Nov. 23, 1912, at the Mary, Queen of Heaven Church in Cicero. They lived in Cicero for 43 years, and have resided at Lake Marie for five

years. They previously had a summer home at Loon Lake for 38 years.

The best man at their wedding, Joseph Vendl, Sr., was present to help them celebrate their fiftieth anniversary.

The couple have two children, Vilma Bartuska of Cicero, and Leslie (Bud) Vendl of Merrillville, Ind. They have five grandchildren: Beverly Kubin, George Bartuska, and Ronald, Thom and Michael Vendl. Their great-granddaughter, Linda Kubin and her husband, William, and daughter-in-law, Bernice Vendl complete the immediate family.

Mr. and Mrs. Frank Vendl

Mr. and Mrs. Terrence Horton

JOSEPH WOLF STARS IN PLAY

Joseph Roger Wolf, who is attending Cornell College as a freshman, has one of the leading roles in a play called "The School for Scandal," by Richard Brinsley Sheridan. This play will be presented to the public on Dec. 13, 14 and 15 at Cornell College.

Joseph Roger Wolf graduated from St. Peter's Grade School and also Antioch High School in 1962. He is the son of Mr. and Mrs. Joseph Wolf, Rt. 2, Box 144, Antioch.

Joseph Roger Wolf

Meetings & Events

BABY BOY ADOPTED

Gail and Dan Vadala have announced the adoption of a baby boy, Scott Joseph. Gail is the former Gail Deitrick of 401 Winsor Drive, Antioch. Her parents recently left Antioch to take up residence in Walnut Creek, California.

ROYAL NEIGHBORS TO HAVE CHRISTMAS PARTY

Olson Camp Royal Neighbors of Antioch will have their pot-luck Christmas party on Dec. 11 at 8:30 p.m.

Each member will bring a gift to pass and a dollar gift to exchange, with their name enclosed. Each should also remember her secret pal.

Election of officers will also be held at this meeting.

4-H GIRLS TO SEE DEMONSTRATION

Local 4-H girls and their mothers will be guests at a pastry and cake decorating demonstration given by Jewel Tea Company and sponsored by Lake Region Home Economics Extension Unit. The meeting will be on Friday, Dec. 7, at 8 o'clock in the Antioch Scout House. Hostesses for the evening are Mrs. Gerald Crichton and Mrs. Richard Radke.

OAKLAND SCHOOL P.T.A.

The Oakland School P.T.A. has planned an evening of laughter, singing and an opportunity to visit your children's class rooms on Monday, Dec. 17, starting at 6 p.m.

The evening will start with a potluck supper. The children's program, "The Sleight Ride" will be followed by caroling.

NARRATES AT LEGION PRESS MEETING

John L. Horan, President of the American Legion Historian's Association for the

News of Evangelical Free Church

The Antioch Evangelical Free Church will observe BIBLE SUNDAY this coming Sunday, Dec. 9, with special observances in both the morning- and evening services.

At the 11 a.m. Worship service, Pastor Carroll D. Lindman will speak on the subject: "Why I Believe the Bible." Recognition will be given to 17 members of the congregation who have completed the reading of the Bible in connection with a nationally promoted plan by the denomination to "Read It Through in '62." They are: Dr. Stanley Anderson, Mr. Otis Doll, Mrs. Robert Krieger, Mrs. Hermina Knutsen, Pastor and Mrs. Carroll Lindman, Mrs. Fred Rau, Mr. and Mrs. Harry Sandberg, Mr. and Mrs. Victor Sisson, Dr. Sisson, Mrs. Emmanuel Thiele, Janet Thiele, Lawrence Thiele, Lowell Thiele, and Philip Thiele.

At the 7 p.m. Evening Worship service, the motion picture, "The Formation of the Bible" will be shown. This film, produced by the American Bible Society, takes the viewer back to Nazareth in the time of the 1st century, and shows Jesus in the Synagogue reading from the Scroll of Isaiah. Then unfolds the story of how the Old Testament was formed, translated into Greek, read throughout the Eastern Mediterranean world and became the Scriptures of the early Christians.

The formation of the New Testament is dramatically portrayed. The picture comes to a close by showing how this collection of writings about Jesus and His teachings was added to the Scriptures of the Jews, making the Bible as it is known today.

ST. IGNATIUS CHURCH NEWS

The parish vestry of St. Ignatius Church will meet on Thursday, Dec. 13, at 8 p.m. in the parish hall.

The Women's Auxiliary of St. Ignatius Church will meet Wednesday, Dec. 12, at 8 p.m. for their annual Christmas party.

The Parish Epistle of St. Ignatius Church announces that J. E. Brook, Burnette Smith and Bill Meyer are in the hospital.

Births

A daughter was born Thursday, November 29, to Mr. and Mrs. Victor Simonsen of Lake Villa at Victory Memorial Hospital.

Mr. and Mrs. James Olson of Antioch are the parents of a daughter born Nov. 29 in St. Therese Hospital.

State of Illinois, attended a meeting of the Legion Press Association at the Museum of Science and Industry on Sunday.

Mr. Horan, experienced in the field of newspaper work, served as one of the narrators for the tour of press exhibits at the museum.

"Where The Boys Are—"

News of Servicemen

FORT MONROE, Va. (AH TNC)—Army Pfc. Edward D. Heath, son of Mr. and Mrs. Vern E. Heath, Route 3, Antioch, recently was assigned to the U.S. Army Garrison at Fort Monroe, Va.

Heath, a field radio repairman in the garrison, entered the army in September, 1958, and was last stationed at Fort Gordon, Ga.

The 21-year-old soldier attended Antioch Township High School.

With an Air Force Combat Support Unit in the Southeastern United States—Airman Third Class John C. Brausam, son of Mr. and Mrs. Conrad Brausam of 5036 N. E. 19th Terrace, Pompano Beach, Highlands, Fla., is among the Air Force personnel serving on alert duty in support of the President's actions in the Cuban crisis.

Airman Brausam, a fire protection specialist, is married to the former Alice J. DeLatre of R. R. 1, Grass Lake Road, Antioch.

He has been in a state of readiness with his unit since the initial alert order was given. He is assisting in providing services and support for personnel of combat units who have been moved to this area as part of the build-up of regular Air Force units.

Thomas R. Haynes

(AHTNC)—Specialist Four Thomas R. Haynes, son of Frank S. Haynes, 9841 Lampson St., Garden Grove, Calif., recently graduated from the Seventh U. S. Army Non-Commissioned Officer Academy in Bad Tolz, Germany.

Specialist Haynes received four weeks of training in various military subjects with emphasis on leadership and combat tactics. The purpose of the Academy is to broaden the soldier's professional knowledge and to instill in him the self-confidence and sense of responsibility required of a capable leader.

The 20-year-old soldier, assigned to the 530th Engineer Company in Schletzingen, entered the Army in January 1961, completed basic training at Fort Leonard Wood, Mo., and arrived overseas the following June.

Haynes, son of Mrs. Bonnie B. Haynes, 207½ Whittle Ave., Olney, Ill., is a 1959 graduate of East Richard High School, Olney, Ill. He attended Santa Ana (Cal.) Jr. College.

PENSACOLA, Fla. (FHT-NC)—Marine Aviation Cadet

Robert E. Enis, son of Mr. and Mrs. Vincent P. Enis of 603 Highland Ave., Antioch, recently landed aboard an aircraft carrier at sea while undergoing basic flight training at the Naval Air Station, Pensacola, Fla.

Six landings were made aboard the carrier, completing one of the first rigorous

How to Make Coffee For a Crowd

URBANA — In the busy social season ahead, many homemakers may find themselves making coffee for a crowd. This means that they must adapt family-sized principles of coffee-making to large-quantity methods.

Geraldine Acker, University of Illinois extension foods and nutrition specialist, gives the following directions for making coffee in large quantities:

With bag: Put percolator-ground coffee in a muslin or double cheesecloth bag large enough to hold twice the amount of coffee being used. The coffee grounds will expand. Tie the bag tightly, leaving room for expansion. Place the bag in boiling water, cover the container, reduce the heat and let the coffee stand 10 minutes, agitating the bag once or twice during this period. Remove the bag; keep coffee hot, but do not boil.

With urn: Use drip or percolator grind, depending on the type of urn. If directions for use of the urn are not available, fill the water jacket of the urn so that the glass gauge registers about three-fourths full, and heat to boiling point. Put coffee in the urn bag or basket. Pour or siphon fresh and briskly boiling water evenly over the coffee. Cover and let the water drip through completely.

Remove bag or basket immediately, as seepage from the grounds gives a harsher flavor to the coffee. Replace the cover and serve the coffee promptly. For best results with large groups, the coffee should be made fresh about every hour because it deteriorates on standing.

More information about making coffee for a crowd is given on a new fact sheet prepared by Miss Acker. Included on the sheet are proportions for using regular or instant coffee. Cleaning instructions for coffee bags and urns are also given.

The fact sheet, "Coffee for a Crowd," may be obtained free upon request from 528 Bevier Hall, University of Illinois, Urbana, Illinois.

Shorter Red Poinsettia Awaits Yule Shoppers

A shorter red poinsettia

awaits yuletide shoppers at many florist shops this year.

According to J. B. Gartner, University of Illinois floriculturist, the plants have the same number of leaves as they have always had. But the internodes are shorter, resulting in a short, compact plant with darker green leaves than the normal poinsettia.

Credit for the new look goes to a new chemical dwarfing agent designated CCC. Plant growers apply this substance early in the poinsettia plant development. The CCC controls the plant height without reducing the bract ("flower") size. The chemical also has no undesirable effects on the keeping quality of the plant.

Before this year, florists often attempted to improve the looks of poinsettia plants by one of two methods: fold-

THE ANTIOCH NEWS 4
THURS., DECEMBER 6, 1962

ing back the stems and tying them together or pinching the buds in the early stages of growth. However, these methods did not produce ideal results in all cases. With the chemical, results are consistent.

Gartner reports that, although growers are using CCC for poinsettias to be marketed this year, research is still going on with the chemical. The University of Illinois division of floriculture and ornamental horticulture is conducting experiments to determine response of the chemical with Illinois soil and environmental conditions. The results have been very favorable and will further aid Illinois commercial flower growers in producing a poinsettia with consumer appeal.

Tips For Teen Clothes Buying at Christmas Time

URBANA—A way to please many a teenager at Christmas is by a gift of clothing. But, before you buy, it's wise to think about teenagers' attitudes toward clothes, suggests Esther Siemen, University of Illinois extension clothing and textiles specialist.

During the teenage years, the approval of their own age group is more important than the desire for adult approval. Wearing the "right" clothes gives them a sense of security and belonging. The desire to select their own

clothes is also a part of adolescents' struggle for independence.

To help you buy for teenagers and guide them in making their own selections, Miss Siemen offers the following pointers:

Learn the accepted fashions in the teenager's school and in his own circle of friends. For example, are the boys wearing V-neck, crew-neck, slip-over or three-button cardigans this season? The wrong style of sweaters will never be worn.

Look to the personality of a teenager as another guide. If he is a leader and starts the fashion, he will like new and imported styles. If he is more conservative, give a firmly established fashion.

Fad items make excellent Christmas gifts. Teenagers who manage a clothing budget realize that fads are often short-time gimmicks that waste precious clothing money. Nevertheless, these items are often high on the want list.

Gifts that add variety and interest to the wardrobe are also welcome, especially by the girls. Such accessories as fancy belts, gloves, and "junk" jewelry are possibilities.

Another safe choice is the versatile classic garment. For example, for girls, cardigans and tailored shirt-waist blouses are favorites.

BAKE SALE

Cub Scout Pack 300 will have a bake sale at the Ford Garage in Antioch starting at 9 a.m. Saturday, Dec. 8.

Besides bakery goods, small Christmas decorations and stocking stuffers will be on sale.

Need Gifts For Retarded Children At Dixon Hospital

The W. T. Ryerson home in River Grove is again collection station for the entire Northwest Suburban area as local residents are asked to remember the forgotten children of Dixon State School this Christmas.

Mrs. Ryerson is service group coordinator for the school's parents association. Mr. Ryerson is his wife's most willing assistant in the project to see that all of the retarded children have at least one gift under the Christmas tree.

There are 5200 residents at Dixon State School, of which about one-half have no parents, no person in the world outside the school fences to care for them. The ages

Change Date Of Next Play

The date for the staging of "All for One," musical to be presented by the Palette, Masque & Lyre, has been changed to February 8 and 9, due to a conflict of the original date with activities at the high school.

The final casting for the play is in progress. Eighteen new members were gleaned at recent try-outs for the play, and Jean Seemann reports that some excellent new voices and acting ability were uncovered by the call for new members.

range from infancy up.

Needed for the youngsters are such items as crib toys that can be tied on cribs, bean bags, crayons, coloring books, stuffed animals, dolls, doll clothes, simple story books, saw puzzles, etc.

Articles of all kinds are needed for older men and women also, such as toilet articles, stationery handkerchiefs, billfolds, ball point pens, pipes and tobacco, flashlights, batteries, stretch socks, ear muffs, cosmetics, etc.

Generally, cosmetics with alcohol content should not be sent. Also to be avoided are items with sharp points, toys with small parts which might be swallowed, toys with finishes that might be poisonous if put in the mouth. If possible, toys should be washable.

Portable record players, transistor and portable radios are especially welcome, and tote bags in which to carry worldly possessions.

A gift of one dollar buys a one-month commissary card good for 20 ice cream cones or candy bars or spoons of thread. Twelve dollars is good for a whole year and often is the only money a resident has to spend during the whole year. Not a penny will be used for expenses. Every gift and every dollar will go directly to the residents. Commissary gifts can be sent to the Commissary Fund, Dixon State School, 2000 Brinton Avenue, Dixon, Illinois, or to the address below.

Gifts should not be wrapped, but wrappings can be included. Gifts can be mailed or delivered to the Ryerson home at 1910 River Road in River Grove, phone GL 3-2824. Deadline is Dec. 15.

Moose Open.....

(Continued from page 1) with all the lodges in the United States and Canada in this "Toys for Tots" campaign. It is not necessary that all toys be new, but in the case of used toys, they must be undamaged and in workable and presentable condition. "We regret that time will not permit the repair or rejuvenation of used toys," said Chairman Ed Petersen, "so therefore, the used toys donated must be in good condition."

The Moose committee will obtain a list of needy children in the area, whether they reside in their homes, in orphanages or hospitals, from local welfare agencies and officials. Then on Christmas Eve, the Moose will deliver all of the toys collected. All residents of Antioch Area are urged to help make this campaign a huge success.

Members of the Moose lodge's civic affairs committee who are working with Chairman Ed Petersen in this "Toyful" Christmas program are: Ronald Polson, Governor,

New Postal.....

(Continued from Page One) remains the No. 1 communications bargain.

Reminding area citizens of the forthcoming new postal rate structure effective January 7, the Postmaster listed these highlights of the rate legislation enacted recently by Congress.

The increase over which the "man in the street" is most concerned is the one-cent hike in letter rates.

First class mail: surface—letters, five cents an ounce; postal and post cards, four cents. Air: Letters, eight cents; post cards, six cents.

Often thought of by the user as "first class" but actually in "third class" category are "greeting cards." Used mostly at Christmas time, this type of mail will cost four cents when the new rates become effective Jan. 7. The current rate of three cents will apply for the upcoming 1962 Yuletide messages.

To insure speedier service this year, Postmaster Kufalk suggested the new Christmas stamp for greeting cards.

This permits the card to be forwarded, if necessary, he said, and returned to the sender if undeliverable—provided, of course, that the return address is on the envelope.

Industries Asked: Help Fight Cancer

William B. Ahart, 1963 Crusade Co-Chairman of the Lake County Cancer Crusade, this week will mail letters to all industries in Lake County asking them for their annual contributions. Included in this letter will be educational materials showing how industry can save money by alerting their employees to the dangers of cancer, and pamphlets on the program of service to cancer patients, on cancer research, as well as the educational aspects of the cancer program.

Robert Gerloff, Jack Mulaski, and Women of the Moose.

PICK YOUR KIND OF CAR

AT YOUR CHEVROLET DEALER'S ONE-STOP SHOPPING CENTER

If you'd like to see how your car dollar can be tailored to your needs, your Chevrolet dealer has four entirely different kinds of cars that do it handily. Jet-smooth '63 Chevrolet: It's a luxury car that invites comparison with the high-priced cars. '63 Chevy II: Really much too snappy looking and spirited to be called a thrifty car. But sparing is what it is in price and up-

keep, '63 Corvair: The rear-engine wonder for people who like their sport with the family along. Then there's our all-out sports car—the new Corvette Sting Ray: It's completely restyled and re-engineered, and now available in convertible or sport coupe. Whatever your new car fancy, you'll find the answer at your Chevrolet dealer's.

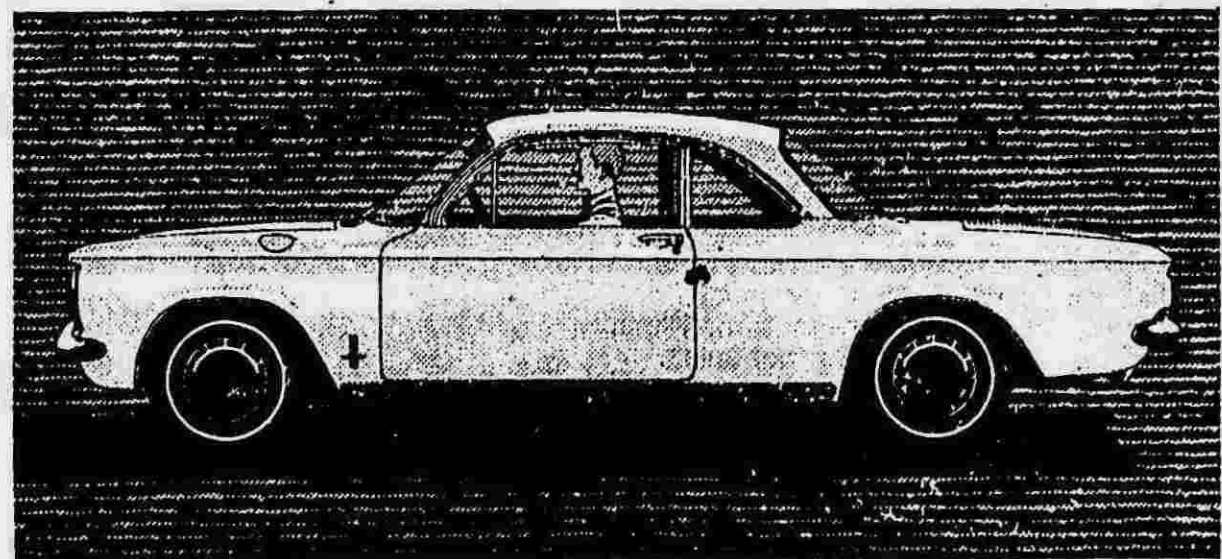

Keeps Going Great!

Library Notes

By Betty Lu Williams

Milestones to American Liberty—edited by Meltzer, was presented to the Antioch Township Library by Mr. and Mrs. James McMillen in memory of Homer G. Tiffany.

This is a beautifully illustrated book with prints, drawings and photographs pertaining to 51 documents related to civil liberties in the United States. These documents are introduced and illustrated to help refresh the reader's

memory of the men and events out of which the statement came. They are arranged chronologically. Some of the lesser-known documents are given as well as the familiar ones.

Life Under the Microscope—translated by Schierl, was presented to the Antioch Township Library by the Antioch Moose Lodge No. 525 in memory of Herbert W. Prochnow. This book deals with every major development up to and including the powerful electronic microscope, giving a fascinating picture of everything from the beautiful crys-

THE ANTIOCH NEWS 3

THURS., DECEMBER 6, 1962

tal of inorganic matter through the most minute living organism. It presents a wide selection from the world of the microscope in its many theoretical, practical and aesthetic aspects.

The library is growing rapidly in patrons. In the last six months we have had 323 new patrons and circulated 22,575 books and magazines. We are happy to see more and more students using the library after school and in the evenings for ref-

erence work and study as well as more adults. If you haven't visited YOUR Antioch Township Library, drop in, as I am sure we have books that will be of interest to you. It is YOUR library and we want you to become acquainted with it, that is if you are not already a patron.

Here are a few of the new books which have been added to YOUR Library:

Apply—Citizens as Sovereigns

Rosen—But, Not Next Door Drury—A Shade of Difference

Braithwaite—A Kind of Homecoming

Blaine—Patience and Fortitude

Carson—Silent Spring

Carroll—Only Fifty Years Ago

Dille—We Seven

Frouchen—Men of the Frozen North

Gardner—Case of the Ice-cold Hands

Hulbert—Noon on the Third Day

Ilg—Parents Ask

Jones—The Thin Red Line

Knebel—The Seven Days in May

Lippmann—Western Unity and The Common Market

Lockridge—The Ticking Clock

Ley—The Poles

Milne—The Mountains

Merrill—All About Camping

Stebbins—U. S. in World Affairs

Stone—Guide to American Sports Car Racing

Wibberley—The Mouse on the Moon

Wohlstetter—Pearl Harbor

Wall—A City and a World

Robert Marshall, the husband of Doris Klass Marshall, has an article in the October issue of the American Library Association Bulletin titled, "The Paperback and the College Bookstore."

The Marshalls live in Ann Arbor, Michigan, and he is the proprietor of Bob Marshall's Book Shops in Ann Arbor.

How Small Business Can Get Gov't. Work

Guidelines to assist small firms in obtaining Government contracts and subcontract work are contained in a new brochure now available on request at the Chicago office of the Small Business Administration, located at 105 West Adams Street, Chicago 3, Illinois. Einar Johnson, Acting SBA Regional Director for this area, announced today.

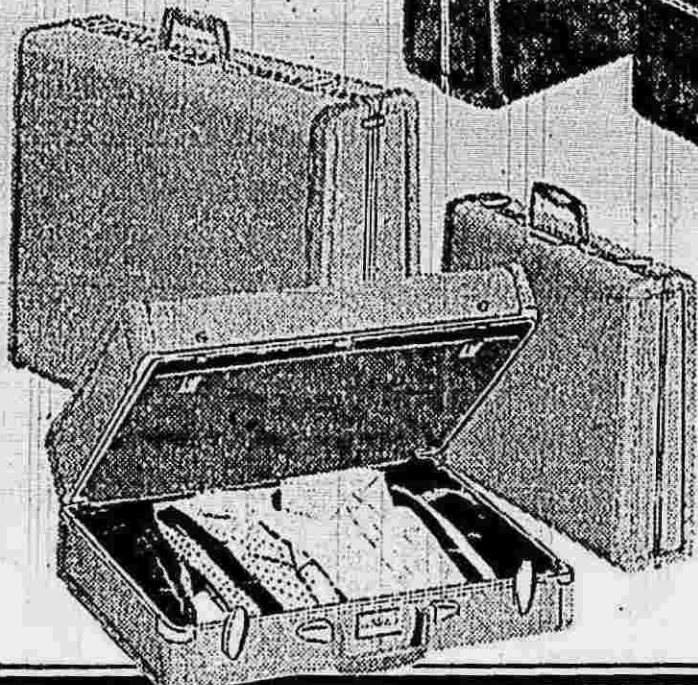

"Issuing of the new brochure, 'How Small Business Can Obtain Government Contracts and Subcontracts,' is another step in SBA's continuing program to help more small firms participate in Government work," Mr. Johnson said.

At least one person in the nation goes blind every twenty minutes, reports the Illinois Society for the Prevention of Blindness. Protect your eyesight.

Please, Fellas! Let's Keep It Clean, Huh

A lot of things come across an editor's desk, but a recent news release from Abbott Laboratories really made us sit up and take notice.

We thought we'd finally found a word to replace the old favorite, antidisestablishmentarianism. But we counted, and this tongue-twister falls two letters short of displacing the old favorite.

However, if you like to confound your friends, you might just casually drop this word in your conversation some time. It should be easy to fit it in somewhere. If you figure out how to pronounce it, we'd appreciate hearing from you.

The word is "Neuropsychopharmacologicum". A handy little word to know, we're sure.

Following is the news item from Abbott Labs, which may give you some idea of what it's all about.

Dr. Guy M. Everett of Abbott Laboratories recently attended a four-day meeting of the Collegium Neuropsychopharmacologicum in Munich, Germany.

Dr. Everett is an elected member of the Collegium which is composed of the world's leading experimental and clinical research workers in the field of psychotropic drugs. The group holds an international meeting every two years with guest scientists to review research and clinical studies of new drugs in the treatment of mental illness.

HERE'S A PORTION of the underside frame of one of the freight cars which apparently caused the pile-up of 22 cars last Thursday night. Arrow points to the new break which it appears, caused the portion to drag. Below it, the weathered older break is clear.

Kenosha Co. Slates Speaking Contest

The Soil & Water Conservation District Supervisors will sponsor a conservation speaking contest to be held next January 9, according to Lee Smith, County Horticultural Agent.

The purpose of the contest is to create a greater interest in all phases of conservation among the youth and adults of Kenosha County. The contest is divided into four classes, Smith said. The Junior class includes pupils in the elementary grades. The Youth class is for high school students. The College class includes any student enrolled in college this school year and the Adult class is for any person 18 years of age or older who is not enrolled in high school or college.

Smith said that it is expected that some school districts will have to hold local contests to determine the best three for each class to compete at the County contest, which will be held at Salem Consolidated School on Wednesday night, 7:30 p.m., January 9.

Benjamin Franklin invented the first pair of bi-focal eye glasses according to the Illinois Society for the Prevention of Blindness.

In a way the Russians are quite helpful. If we didn't have them, how would we know whether we were ahead or behind?

Career Night At Grant High

"Career Night" sponsored by the Grant High school Guidance Services Department will feature a number of outstanding speakers from several career fields at Grant High school December 6 at 8 p.m.

Mr. A. Benning and Mrs. R. Wellers will represent Illinois Bell Telephone Company. Mr. Benning will discuss opportunities in the Plant Department, Sales De-

partment, opportunities for linemen, installers and salesmen. Mrs. Wellers will discuss opportunities open to girls. Her discussion will cover traffic control, the Commercial department, operators, supervisors, cashiers, typists, stenographers as well as the company college program.

Other speakers are: Mr. Richard Dearnont from the Personnel Department of Northern Illinois Gas Company; Mr. Glenn Collins, Vocational Counselor for the Rockford School of Business and Engineering; Mrs. Frieda Lebensbaum, Registered Nurse and coordinator for the practical nursing program at Waukegan High school; Mr. F. Mueller, vice-president and secretary of the Mueller School of Beauty Culture; Rose Musachio from the Comptometer School; Mr. T. Green from the DeVry Technical Institute; Mr. Lou Carpenter from Greer Shop Training, Inc.; and Miss Mitzi Bernauer from the Moser Secretarial School.

Specialists on the program from the Fox Lake area are: William Klein who will discuss opportunities and requirements of the machinist trade and Henry Reteck, a Grant graduate from the plumbing trade.

Carl Sandburg Day Named By Governor

Gov. Otto Kerner has proclaimed Jan. 4, 1963, as Carl Sandburg Day in Illinois to honor the state's poet laureate and native son on his 85th birthday.

Sandburg's birthday, is actually Jan. 6, but the proclamation coincides with a planned celebration involving school children in 5,500 schools throughout the state. The statewide celebration will be in the form of a "penny parade" in which voluntary contributions of pennies will be given to assist in maintenance of the Carl Sandburg birthplace in Galesburg.

Salem High Plans Christmas Concert

A Christmas Concert is being planned by the Music Department of Salem Central

High School, according to Miss Mildred Gustafson, vocal director of the school. Christmas music will be featured. The date will be announced later.

Clubhouse For NICC

The Northern Illinois Conservation Club now has its own home, thanks to the generosity of the Gifford Estate in making the property available to the Club. The clubhouse is located on the old 9 hole Channel Lake Country Club which is on Golf Club Road, 1/4 mile south of Highway 173. Golf Club Road is 3 miles west of Antioch.

The extensive grounds will be used as a living laboratory by the Club to teach and practice conservation in all of its aspects, as well as to stage its many activities and to hold meetings.

The club members immediately pitched in on the job of tidying up the grounds, led by building committee chairman Ernest Di Labio and including John Henn, Milton Brozik, Al Moore, Willis Shannon, Rudy Palenik, president Richard Waters, Dr. Geo. W. Jensen, James Waters and about 20 other members.

The State Bank of Antioch, represented by Vice President William E. Brook, popular Antioch banker, donated a new electrically operated trap to the Club to be used in future turkey shoots and trap shoots. It would also be utilized by club members who have a yen to go hunting. Instead of shooting wildlife, they would bag "wild clay birds" instead. The Club hailed Brook for his generosity.

Grant Five Upsets Wauconda 78-58

The Grant Bulldogs upset a highly rated Wauconda team 78 to 58 Friday night in a Northwest Suburban conference opener for both teams.

Showing a smooth well run offense and a hot shooting percentage, The Bulldogs from Ingleside jumped off to a 28 to 7 first quarter lead and remained in command all the way.

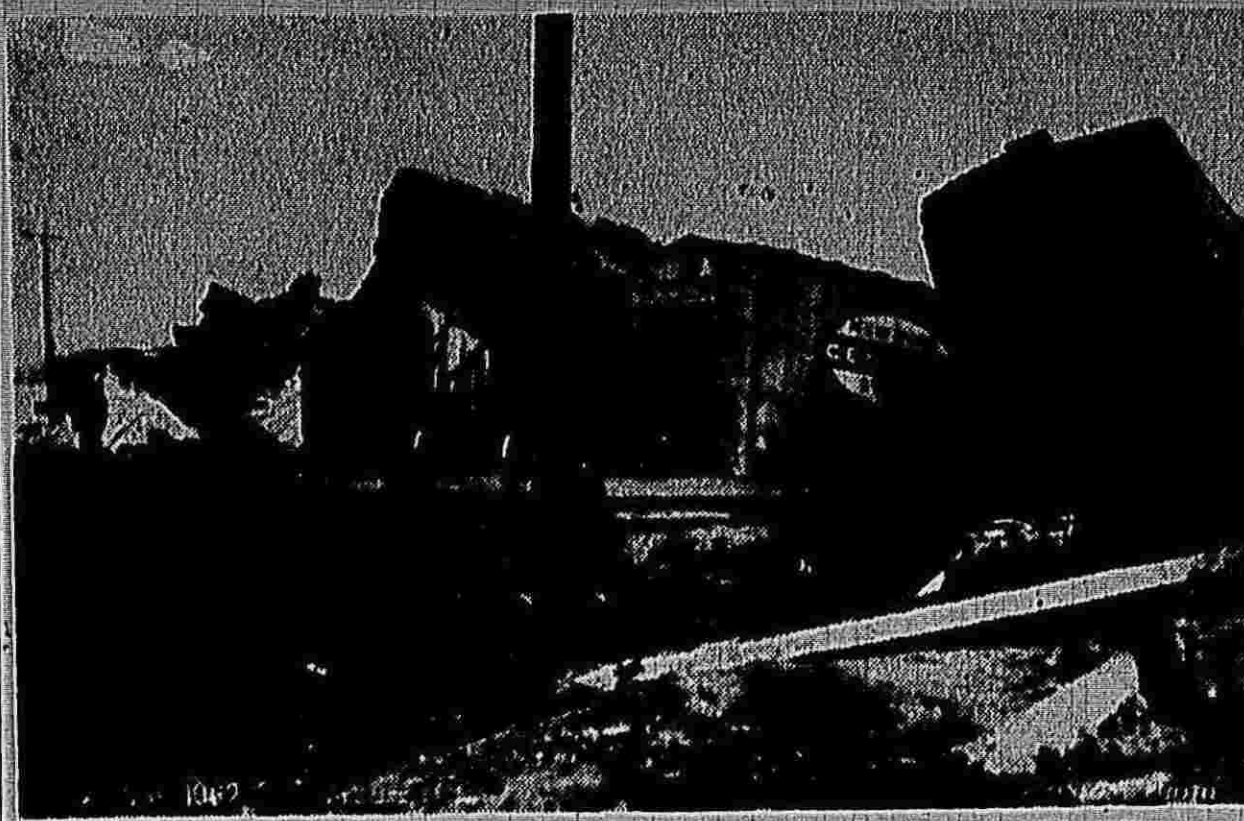

Grant pulled out all stops and by the end of the third period were leading 63 to 38. The hapless Wauconda team gained a little in the final stanza but came out with "too little too late."

Ela-Vernon Edges Round Lake 53-52

Bill Ebenezer's Ela-Vernon Bears rallied Friday night to edge the defending Northwest Suburban Conference champs, Round Lake, 53 to 52. It was a nip and tuck affair all the way with the score being tied 12 times.

Ela-Vernon led at the first quarter mark 13-11 and 27-25 at the half. Going into the final period the score was deadlocked 41-41. With less than a minute to play the Bears took the lead on a rebound tip by John Skorupa. Two free throws gave the Panthers the lead again 52 to 51.

It took a baseline jump shot by Ela's Ken Grzeskowiak in the closing seconds to finally decide the issue. Both teams used practically every defense in the book, from a zone to a man to man press.

SOME OF THE DAMAGED cars which littered the track and surrounding area, blocking the tracks for about two days.

Do-It-Yourself First Aid Kit For Hunters

Hunters, take note!

If you don't want to buy an elaborate first aid kit for that "Big Weekend" ahead, why not prepare your own? Since you probably have everything you need right in your own medicine cabinet, it won't cost you a penny.

According to the Public Safety Committee of the Illinois State Medical Society, the ideal "home-made" kit should contain the following contents:

Six band-aid plastic strips, individually wrapped for small lacerations, abrasions, or blisters.

Eight butterfly closures—four medium and four large—to bridge larger lacerations.

Roll of half-inch wide plastic adhesive tape to secure

dressings or hold wound edges together.

Six sterile gauze pads, four inches square, 12 ply, individually wrapped, to cover breaks in the skin, or as an eye patch.

Roll of two-inch conforming gauze, five yards long, which will stretch to conform to fingers, toes, and other body areas.

Roll of four-inch wide, 5 1/2 yards long, elastic bandage to secure dressings to larger body areas, to immobilize a sprained or fractured ankle, wrist, knee, or rib, or to close a chest wound from a shot gun blast.

Two large, white, well laundered handkerchiefs, to be used as covers over sterile dressings; edge can be used to remove particles from the eye.

Small bar of soap for cleansing small wounds with water; this usually is better than dousing a dirty wound with a bacteriostatic solution.

Eight safety pins; four large and four medium.

These items can be packed in a plastic frozen food bag and secured with four rubber bands to make a kit that will fit into a hunting shirt or jacket pocket, the committee points out.

This kit should be supplemented by a pocket knife with sharp blades; large bandana handkerchiefs, a 4 1/2 foot length of sash cord, and pocket tissue, all tucked in convenient hunting jacket pockets. The handkerchiefs make effective slings, or can be used to secure dressings to an extremity or as a tourniquet.

In areas where there are poisonous snakes, a compact plastic snake kit should be carried as well.

"The use of the materials in the first aid kit is for first aid only, and medical aid is to be sought as soon after injury as conditions permit," the committee warns. "With such a kit one can cope with the usual injuries encountered while hunting, fishing, camping, or just plain bird watching."

"If this kit is too bothersome, at least throw several band-aids into a pocket on the next outing."

STILL WAITING

"We're still waiting for that headline writer's happy day when a boy from Normal marries a girl from Oblong, a town of 1,600 over in Clark County, Ill. The headline is bound to be: 'Normal Boy Weds Oblong Girl'."

—Normal Normalite

Bayberry Candles

your free gift for saving

A Pair of Bayberry Candles rich in Christmas tradition and symbolism . . . is your free gift for saving during this holiday season.

Scented with New England bayberry, they burn with a delightful fragrance that will add to the Christmas spirit of your home. This is our way of saying "thanks" for your support.

To get your free candles, just open a Christmas Club or savings account for \$25.00 or more—or add that amount to your present savings account. By so doing, you'll help to assure the "good" luck the candles are said to bring, for money saved promises a brighter future.

YOUR CHRISTMAS BONUS can be an excellent start on a new account, or a substantial addition to your already-growing funds at our association. Why not set it aside as your "candle money"?

CUB SCOUT PACK 92

The November pack meeting of Cub Scout Pack 92 was held Nov. 15 at the Antioch Grade School gym. The theme for November was "Pioneering Days" with samples of things used at that time brought by the cub scouts. Pack 5 gave the skit titled "Ah, Thanksgiving."

It was a big night for new Bobcats, awards and graduations. New Bobcats were Jim Jester, Charles Jester, Jim Herbert, David Yaska, Don Twing, Charles Rudolph, Mike Hatton, Jim McDowell, Richard Voss, Gregory Voss, Robert Becvar and Lee Bolton.

Wolf badge was awarded to Wayne Soder; Wolf arrows to Robert Morgan, Gregg Benning, John Vojteck and William Martin; Lion badges were awarded to Bill Calloway, Paul Gillo and Keith Bolton; Webelos badge was awarded to Ed Surrock, Denner, and assistant denner stripes were awarded to David Jones, John Vojteck, Gary Burnette and James Rockow.

Year pins were awarded to James Bogacis, Don White, Tim Green and Ed Surrock. Graduates from Cub Scouts to Boy Scouts were Ronald Nielson, Mike Christensen, Bill Dow, Robert Westhoff and Victor Benning.

A Christmas party has been planned for the December pack meeting.
